Coffee is known to be harmful—especially to children. That is why so many thoughtful mothers give their children delicious Postum. This pure cereal beverage gives needed warmth and comfort, has delightful flavor and aroma, and is free from anything that can injure the health of children

Your grocer sells Postum in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer to make the drink while the meal is being prepared; made by boiling fully 20 minutes.

BETTER THAN CALOMEL Thousands Have Discovered Dr. Edwards' Olive Tablets

are a Harmless Substitute

are a Harmless Substitute
Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the fiver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat. liver and bowel complaints with calomel. The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.
